Train up a child in the way he should go . . .

Dear Parents,

In September 2010 we will begin our thirteenth year with our preschool program. At CCP, we value a low student-teacher ratio, have experienced Christian teachers, and offer an environment that is loving, clean, and safe. Your child will develop and build skills through hands-on learning, centers, and a theme-based curriculum with age appropriate activities. The children also develop spiritually as they are embraced in an atmosphere of Christ-centered learning and Scripture.

There is an opportunity on the application for you to choose the program that best accommodates your family. We can assist you in making decisions and answering questions if needed.

Thank you for prayerfully considering our preschool. It is our desire to give children the opportunity to develop to their fullest potential mentally, emotionally, physically, socially, and spiritually. We want their time with us to be filled with love, friendship, and creativity as we partner with you to train them up in the way they should go.

Following Him,

Rexanne Crysel
Preschool Coordinator
